UWG Foundation – Tax Compliance Policy

Approval Date: February 6, 2014
Effective Date: February 6, 2014

Revision History:
Governance Oversight by: UWG Foundation Executive Committee

I. Purpose

To comply with all applicable federal and state laws, rules and regulations related to the issuance of tax-exempt debt (the “Debt”).

II. Applicability

This policy (the “Policy”) applies to all Debt issued for the benefit of University of West Georgia Foundation, Inc. (the “Foundation”) and its related entities.

III. Policy Statement

RESPONSIBILITY

The Executive Director, or other officer designated from time to time by the Executive Committee, shall be administratively responsible for the Policy. The Executive Director shall be responsible for reviewing the requirements and responsibilities of the Foundation under the Policy with bond counsel on or before the closing date of any Debt issued by the Foundation or its related entities.

DISSEMINATION AND TRAINING

The Policy shall be disseminated to all appropriate personnel and to the auditor.

The Executive Director shall ensure that appropriate training is provided to all personnel directly involved in the administration of tax-exempt debt to ensure they comply with the provisions of the Policy. The Executive Director shall consult as appropriate with qualified attorneys with respect to the content of such training.

REVIEW

The Policy shall be reviewed and revised annually by the Executive Director and redistributed to all appropriate personnel and to the auditor.

The Executive Director shall annually conduct a due diligence review of all Debt currently outstanding to ensure proper compliance with each of the provisions of the Policy. If the Executive Director discovers non-compliance with any provisions of the Policy, steps necessary to correct the noncompliance will be promptly after the conclusion of the annual due diligence review. Records of all corrective action taken shall be retained in accordance with the Policy.

PROVISIONS

Use of Proceeds

A list of all property financed with the proceeds of the Debt shall be created and maintained. The use of such property shall be monitored to ensure that such use does not constitute “private business use” within the meaning of the Code. Without limiting the foregoing, each contract, including but not limited to management contracts and leases, relating to such property shall be reviewed by legal counsel prior to the execution of such contract. The list of property shall be reviewed at least annually to ensure that none of the property has been sold.

Remedial Action

In the event that property financed with the proceeds of the Debt is used in a manner that constitutes “private business use” or the property is sold, the remediation provisions of Treasury Regulation § 1.141-12 shall be carried out in consultation with bond counsel.

Yield Restriction

If bond counsel advises that a fund or account needs to be yield restricted (i.e., not invested at a yield in excess of the Debt), the moneys on deposit in such fund or account shall be invested in United States Treasury Obligations – State and Local Government Series, appropriate “yield reduction payments” shall be made if permitted by the Code or the Executive Director shall establish other procedures to ensure that such fund or account is yield restricted.
**Rebate**

At the time the Debt is issued, the Executive Director shall determine if he or she reasonably expects that one of the arbitrage rebate exceptions will be satisfied. If the arbitrage rebate exception relates to the time period over which the proceeds of the Debt are spent, the Executive Director shall verify that the appropriate expenditures have been made at each milestone. If one of the milestones is not satisfied or the Executive Director does not reasonably expect that one of the arbitrage rebate exceptions will be satisfied, an outside arbitrage rebate consultant shall be retained unless the Executive Director has determined that positive arbitrage will not be earned.

**Private Use and Management Agreements**

It is the Foundation’s intention not to engage in transactions that create the private use of facilities or assets financed or refinanced with the Debt (the “Financed Facilities”). The Foundation will not sell or lease or permit the sale or lease of all or any portion of the Financed Facilities, or enter into a management agreement or other similar agreement with respect to all or any portion of the Financed Facilities, or otherwise dispose of or transfer control of all or any portion of the Financed Facilities without receiving an opinion from Bond Counsel that such action will not adversely affect the tax-exempt status of any Debt issued for the benefit of the Foundation.

The Executive Director will educate all individuals who manage and/or use the Financed Facilities regarding the applicable private use guidelines.

All agreements/contracts, including but not limited to research contracts, related to Financed Facilities will be reviewed by the Foundation’s counsel and Bond Counsel to determine if they comply with the applicable private use safe harbor guidelines (the “Safe Harbor”). The Foundation’s counsel and/or Bond Counsel shall provide written advice to the person responsible for the Policy as to whether or not the agreements/contracts comply with the Safe Harbor.

The Foundation will identify all the Financed Facilities on its fixed asset ledger (the “Ledger”).
The Foundation will review annually any and all use of Financed Facilities by private businesses, which use may arise as a result of entering into leases, management contracts, research arrangements or other arrangements, to determine if such use complies with the Safe Harbor.

**Unrelated Trade or Business Income**

The Foundation conduct an annual review of its activities to ensure that it is not engaging in activities that would result in “unrelated trade or business income” that would jeopardize its 501(c)(3) status. Furthermore, the Foundation will review annually any and all use of Financed Facilities to ensure that such use does not result in unrelated trade or business income.

**Average Life of Assets Financed/Refinanced with Tax-Exempt Debt Proceeds**

The Foundation shall identify the expected economic life of the Financed Facilities on the Ledger to ensure that the average maturity of the related Debt does not exceed the average life of the Financed Facilities by more than twenty percent (20%).

**Fundraising**

If fundraising moneys are received for the Financed Facilities, such moneys will be invested at a yield not in excess of the yield on the related Debt or will be used promptly to redeem the related Debt.

**Record Retention**

The Foundation will retain all records relating to Debt it issues in order to comply with Section 6001 of the Internal Revenue Code. These records should include, among other things, the following:

1. Basic records relating to the tax-exempt debt (including the trust indenture, loan agreements, and bond counsel opinion);
2. Documentation evidencing expenditure of debt proceeds;
3. Documentation evidencing use of debt-financed property by public and private sources (*i.e.* copies of management contracts and research agreements);
4. Documentation evidencing all sources of payment or security for the debt;

5. Documentation pertaining to any investment of debt proceeds (including the purchase and sale of securities, SLGs subscriptions, yield calculations for each class of investments, actual investment income received, the investment of proceeds, guaranteed investment contracts and rebate calculations);

6. Form 1023, Application for Recognition of Exemption under Section 501(c)(3) of the Internal Revenue Code;

7. 501(c)(3) Determination Letter;

8. IRS Correspondence related to tax status;

9. Organizing Documents;

10. Letter Exempting the Foundation from Form 990 requirements;

11. Audited Financial Statements;

12. Bond transcripts, official’s statements and other offering documents;

13. Minutes and resolutions authorizing issuance;

14. Certifications of the issue price of debt financings;

15. Formal elections for debt financings (e.g. election to employ an accounting methodology other than specified tracing);

16. Appraisals, demand surveys or feasibility studies for debt-financed property;

17. Documents related to government grants associated with construction, renovation or purchase of debt-financed facilities;

18. Publications, brochures and newspaper articles for debt financings;

19. Trustee statements;

20. Correspondence related to debt financing; and

21. Reports of any prior IRS examinations or organization or debt financings.

All such records must be maintained as long as the debt is outstanding, plus three years after the final payment and redemption date.

Continuing Disclosure

Any continuing disclosure undertaking entered into by the Foundation with respect to Debt shall be recorded and complied with. The Executive Director shall catalogue and determine any continuing disclosure undertaking entered into by the Foundation prior to the imposition of the Policy to ensure that its continuing disclosure obligations will be updated and satisfied going forward.

The Executive Director will implement appropriate procedures to ensure that annually recurring disclosure obligations are timely fulfilled. Upon the occurrence of an event requiring the filing of an events notice under any continuing disclosure obligation, the Executive Director will ensure such event notice is filed within ten (10) business days of the occurrence of such event.
